## SUMMARY

As a backend Django developer seeking an internship, I possess a solid foundation in building and maintaining server-side applications with Django, including creating RESTful APIs, managing databases, and implementing user authentication. I am skilled in using Git for version control and have a basic understanding of deploying Django applications. My experience with relational databases and a good grasp of web technologies like HTML, CSS, and JavaScript allow me to collaborate effectively with frontend developers. Eager to learn and grow, I am excited to apply my skills in a real-world environment and contribute to impactful projects.

## EDUCATION

### Samriddhi College (Kathmandu)

BSC.Csit

Dec, 2019 - Present

I am studying Bsc.Csit in Samriddhi College

## Skills

Python Django, HTML, CSS

## Language

English
